

How To Fight

By Faise One

**COVID BACKWARDS SPELLS OUT
THE WORD “DIVOC”. THIS CODE
HAS BEEN CRACKED. THE WORD
DIVOC IN HEBREW MEANS “EVIL,
POSSESSING SPIRIT.”**

Phonetically speaking the letter “v” in Hebrew can be sounded out as “b” and there aren’t any “c’s” in that language, those letters would be either “Q” or “K”. So to be fair the word would be “dibok.” This is still, when spoken, the word for an evil, possessing spirit, a Dybbuk. This will make even more sense as we go deeper into the breakdowns.

Introduction

Peace and love to you, reader. I'm grateful to be able to share this information with you. These past few years have been full of **confusion, trials** and **tribulations**. However unfortunate it may be that we the masses are often poorly informed, if at all, about what's actually taking place in the world we live in, the grace exists in the form of messengers, teachers, prophets and whistleblowers who have the ability to see through the smoke and mirrors and set out to make sure that the people at least have the chance to make more informed decisions regarding their journeying through life as individuals and more importantly as a people.

Eye happen to be one of those messengers. So here Eye am doing my part, that we might place a balanced foot on the plank that is the future, and on and on, step by step, as every journey begins with one. Eye present to you "**How to fight C0\ID and Win.**"

Let's get ourselves prepared to win these battles and ultimately this war **once** and **for all**.

Once, as in the instance in time.

For all, as in with the people in mind.

Walk with me.

Before we get into the major breakdowns Eye wanted to first give you some ammo for fighting this **disease** being called **CO\ID**. Since this whole situation spawned in the beginning of 2020 people have been messaging and calling me for aid and assistance as they feared they had contracted the **virus** and were afraid for their health and ultimately their lives.

Eye would first encourage them to remain calm and to not panic, which is extremely important because once this thing had become news people became paranoid. **Fear struck the masses**. When people are driven by fear it's a fact that they aren't able to make the best decisions. Most people immediately rushed to the hospitals and to get tested and were not and are still not able to truly vouch for what *may* or *may not* have been done to them when they went to the beast for aid.

I'd be remiss to not mention the many lives that perished while in the care of the nurses and the doctors in the hospitals. They trusted those people with their lives. Then those numbers of deaths were used to promote even more fear and paranoia to the masses and if you've been paying close attention, it appears to have all been leading up to the roll out of these **vaccines** which they've been doing everything in their power to push. They're using your celebrities, your doctors and nurses, your pastors and reverends in the churches, your blog pages, etc. to persuade as well as coerce the masses to take it.

They're relying on fear.

Fear of death, fear of judgment, fear of struggle, fear of hopelessness, fear of loss. My goal is to help inform you so that fear will subside and cease, because knowledge helps to alleviate fear and fear usually stems from the unknown.

After encouraging the brothers and sisters who reached out to me to stay calm and to have no fear, Eye would offer to them different ways to go about beating the illness. Here are a few weapons as well as methods that are tested and proven to

Weapons:

Herbal Teas:

- **Breathe Easy Tea**
This is a supreme respiratory blend equipped with herbs that have anti-inflammatory properties. This tea is also a heavy-duty cleanser that works on behalf of the lungs and the respiratory system.
- **Throat Coat Tea**
This tea aids with healing injured tissues which is especially useful when it comes to abrasions and discomfort from dry cough. Throat Coat Tea helps to boost your immune system, increase your energy and soothe your stomach ailments.
- **Dandelion Root Tea**
This tea is also good for helping to soothe digestive ailments. More importantly, Dandelion Root Tea helps to reduce inflammation in the body.
- **Chamomile Tea**
This tea is also an anti-inflammatory weapon. It's also known for its assistance with relaxation as well as sleep and rest. That's also important because whoever is fighting the illness will also need lots of rest.
- **Gypsy Cold Care Tea**
As it suggests in its name, Gypsy Cold Care Tea helps to fight off colds, providing relief from stuffy or clogged nasal and sinus passages.

Weapons:

Pills/Capsules:

- **Magnesium**

Magnesium is also one of the potent weapons used to help Reduce inflammation as well as create new proteins from amino acids. Proteins assist with regulation in the body.

- **Goldenseal and Echinacea**

These pills help to boost the immune system. Eye advise that you take 1-2 daily and if you or someone you're helping feels under the weather Eye advise that 2 be taken every 2-4 hours.

- **Vitamin C**

Vitamin C pills are good for helping to protect yourself against disease as well as aiding in the strengthening of the immune system.

- **Vitamin B12**

Vitamin B12 pills assist with maintaining the help of your blood and nerve cells as well as boosting energy. B12 also helps with the production of DNA. If you have by chance already been vaccinate Eye highly recommend B12 as it will help your body produce natural DNA which is very important as the conversation of it possibly being DNA altering has lead to research and investigation for quite some time that actually the claim. Be on the safest of sides.

Methods:

Fasting:

It is a scientific fact that fasting actually helps to **rejuvenate** and **regenerate** the immune system. This means that when we fast our bodies are able to utilize more of the energy that would be used in the digestion and absorption process to pinpoint illnesses in the form of bad bacteria and excess mucous, etc.

This is something that doctors have NOT promoted or even hinted toward throughout this whole situation being called a pandemic. Why? Why weren't the masses told about this when the scientists and doctors know that fasting for even short periods of time stimulates the production of new white blood cells?

When we fast, our body goes into **energy-saving mode** and starts to get rid of the old or damaged immune cells in our body. As the body "starves" and the white blood cells begin to increase, fighting off infection and sickness becomes much easier as the purpose of white blood cells is to war with viruses and bad bacteria.

Eye have gone through the motions and figured this out for myself. In the beginning of 2020, around late February, my brother and Eye fell ill. We were experiencing symptoms of the flu except there was a dry cough that we couldn't shake. **To make matters worse we are both asthmatic.**

An idea came to me to just focus on getting better and focus on getting better **ONLY**. That's when Eye decided to put my brother and myself on a three day fast. This meant no food at all for three consecutive days. Throughout that time we were to only ingest honey, water, lemon juice, black seed oil and tea.

It worked like a charm. Eye hadn't actually done much research on fasting prior to that. Eye had only heard my elders and teachers speak of the spiritual benefits of it. There were physical benefits as well. **My brother and Eye started recovering immediately!** Why had this worked? That's when Eye went further and found out that through fasting we literally give our bodies time to replenish and at the same time we actually help our body be able to use its energy to attack the sicknesses that plague us day in and day out including those that we aren't consciously aware are ailing us. Eye was shocked at the information and at the same time motivated to let more people know about this, as Eye hadn't heard anybody speaking on it. Eye advise that if you go through with a fast be sure to incorporate your **weapons** that Eye gave you earlier.

*While your body is fasting, those **weapons** will prove to be even more potent and will work even harder and faster to fight and ultimately defeat the illnesses, viruses and sicknesses.*

Also, it's wise to get ahead of the curve. Load your oil up now and pack extra and remember that five were wise and five were foolish. **(Matthew 25:2)** Be of the wise. Start preparing your cabinets, filling them up with these **weapons** and more. Start taking vitamins like **Vitamin C**, **Goldenseal and Echinacea** and **B12** daily. Increase your intake of water, especially warm or hot, as well as herbal teas. This will help to **prevent** sickness.

We're approaching the cold season. As we cross the threshold together, let's stay on the vibration of **love, light, health and wellness**. The masses will be sold more and more **paranoia** by the day and they will be told that it's a "dark winter." I'm telling you, reader, to not feed into the offer of **fear** because it will not be DARK for you. Remember when Eye told you that the **fear** stems from the unknown? *Unknown is darkness.* People will be in that state only if they truly don't know what they can do. However, you will. You do. Just be ready and remember these words:

***Being able to overcome an obstacle is great.
Being able to avoid obstacles altogether is even greater.***

Methods:

Hot/Steam Baths:

One of the helpful things Eye encourage people to do when they're experiencing any sort of sickness or flu-like symptoms is take a hot or steamy bath. This is a method that also came to me as a natural thought, as did the fasting idea.

When Eye was younger, during those times when Eye would experience sicknesses like colds, my mother would apply something called Vic's Vapor Rub to my chest and send me to bed with the instructions to be sure that Eye got under the covers up to my neck so that my body heat would cause me to "sweat out" the sickness. **This would ALWAYS work.** That may have influenced the thought of taking hot baths to assist in the relief of illness.

With hot baths or showers, which Eye do recommend that you use the shower to fill up the tub so that the steamy water vapor can fill up the room. The vapor, for one, acts as a natural decongestant, **moisturizing** the nasal passages and actively soothing **inflammation** with every breath. Eye recommend deep breaths and also calm, meditative tones to promote relaxation in the mind and the body.

While you allow your body to soak in the heated water, Eye also advise that you sip on any of the herbal teas Eye listed for you earlier. You want to make sure that the tea is hot. Heat is evidence of sped up molecules, which yield much more energy. Your body will appreciate the assist. **Relax** and allow yourself time to feel the healing effects of the heated waters. It may also be a good idea to put your towels in the dryer before hand, that they may be hot or warm when you get out of the water. Remember, you need the heat to activate your body and stimulate the immune system.

When you're not feeling your best, there's for the most part only one thing on your mind and that's feeling better. You want to expedite this process to the best of your ability so that you can recover and get back up and running as soon as possible. Especially with severe symptoms like with what's being called Covid.

You want to get those symptoms conquered immediately to avoid any further complications that may arise due to the potential spreading of bad bacteria or intake of more sickness due to failing to rectify the environmental deficiencies that caused you to fall ill to begin with.

Simply, making sure you help your immune system versus hinder it is extremely important when it comes to fighting Covid and winning.

I'm right here in your corner, rooting for you. We'll get through these trying times. All we have to do is be intentional and have focus as well as will to be a part of the solution to this world's problems. To ensure that we're living in accordance to that, we have to be sure to do two main things:

**Care.
Take Care.**

The VICTORY is OURS.

Now let's get into this build.

Eye see the world through the views of the cross. This means that with everything that happens in this world Eye do my best to keep a Godly Eye so that Eye won't be mislead, or deceived. In the scriptures of the Holy Bible the warning is uttered in **Matthew 24:4** to *take heed that no man deceive you*. This, what has been called a pandemic, is but a mass deception.

You may have heard it be said that the **CORONA** word means **crown**. That's true. Let's take it a little further and explore some of the other definitions of the word. It's important that we do this to not only crack the hidden codes of what you call the matrix but to also train the mind to do this more often so that your chances of merely believing or being deceived are much lower, if there's a chance at all after activating this ability.

ASTRONOMY:

The rarefied gaseous envelope of the **sun** and other stars. The sun's **corona** is normally visible only during a total solar eclipse, when it is seen as an irregularly shaped pearly **glow** surrounding the darkened disk of the moon.

PHYSICS:

The **glow** around a **conductor** at high potential.

A small circle of **light** seen around the sun or moon, due to diffraction by water droplets.

ANATOMY:

A part of the body resembling or likened to a **crown**.

When we read over these definitions we can see they all have certain similarities that all seem to lead to some sort of **glow**, or **light**, due to some sort of **conductivity** or **electricity** or **higher frequency**. This has significance for sure.

Let's look at what the **CDC** had to say about this.

“Our modern-day **corona** conceptualization of club-shaped spikes on the **coronavirus** surface comes from traditional representations of **crowns** as radiate headbands, worn as symbols of **sovereign power**, to liken that **power** to that of the **sun**.”

*This is an actual excerpt from an article on the CDC website.
(The Concept of the Crown and Its Potential Role in the Downfall of Coronavirus)*

Do take some time to go in and read that article and you'll see where they break down more of where they got the word corona from and why they used it to describe this “**virus**.” That's important, because when it comes to the words that we use often times they have multiple definitions and meanings. This goes to show one of the ways that the truth can literally be hidden in plain sight.

That wasn't a typo at all. Eye intentionally wrote out the word “plane” instead of “**plain**” to show you how easily truths can be hidden through words alone. See when you think or see the words “**plain sight**” what you conclude is that it means the truth is right there in front of you and because it's so visible you can't see it because you **think** it's hidden in places beyond your sight. However, when you take a second and ponder the words “**plane sight**” what you would have to do is first realize that when you're speaking of **planes** you're speaking of levels or realms. So let's say the level or plane you're standing on is at the base or the bottom of a cliff and the truth is standing somewhere at the top of the cliff. It can still be seen, but not from where you're standing.

From where you're standing, you would be trying to see the truth using an angle of elevation, looking upward. The holder of the truth has an angle of depression, looking downward. These angles are mathematically referred to as lines of sight. You would not be able to see the truth that would be, let's say, sitting behind the person looking down at you, unless you were able to rise up, or elevate, and be at that same level of view. This is how you would go about discovering the truths that are hidden in "plane sight."

When words are being used to describe things like current events be sure to pay attention to how they're being used and which ones have multiple meanings. You're in a day in time where the most powerful of the world leaders are becoming more and more **cautious** by the second of the reality that you, the people, are awakening. This means that you're starting to have this burning will to live life with less and less dependency on the tired systems they've built over time to keep you in order and under their control.

Amongst you are ones who are waking up to such a degree that their line of sight is even beginning to exceed that of the "elite." These "elite" are desperately trying to hold on to the power that they've had for so long which is the power to govern the mental of the masses or to function as your governments.

The awakened amongst you
ARE
the "Corona Virus"
to the world that was built on lies.
You are the GLOW in the dark room.

Let's Break It Down. With the awareness of paying attention to the specific words that are being used to paint the picture of what is being called a “pandemic” let’s walk a little further and crack more of these codes.

Let’s start with the word “pandemic.” In my book entitled “WHY,” Eye explained how the word pandemic had hidden within it the word P-A-N. **Pan** is the ancient Greek god. He appears as a humanoid **beast** having the legs, hindquarters, and the horns of a **GOAT**. From his name, **Pan**, emerged the word “**panic**.” This is not a reach by far, take a second and look it up. When Pan would take his naps he would awaken suddenly and let out a violent shriek that was so chaotic it would cause the people to do what was called “**panic**.” Interesting right? What was the main thing Trump would say when he spoke on the situation? “Don’t **PANIC**.” **Stay with me.**

What followed shortly after the announcement of the “**pandemic**” was the **viral** video showing the murder of George Floyd, which led to nationwide Pan-**Demon**-ium (pandemonium) People hit the streets pumping out loads and loads of traumatic energy. I’m not assuming this. Eye was there through it all, not on my couch observing and offering my opinion. They even announced on the news that “**all 50 states were on fire**.” This was a **ritual**. That may be too deep for some to Overstand but just keep in mind that when you control the *current*, as in the current events, you can *move* the masses wherever you please.

So there’s the “pandemic” break down. Tie that in to the breakdown of the crown/corona and you’ll begin to see where this is going. You have that crown, royal element, with it’s **radiance** and **glow** and then there’s the **traumatic**, **panic** filled vibration moving as well. Believe it, receive it, see it or not, those two energies are still at war with each other right now.

National Emergency

Think back on the beginning of this chaos when the national emergency was first declared. Remember how they told people to stay home, stay “6” feet apart, obey curfew, etc. These orders were barked to emphasize the “urgency” of getting this “virus” under control. Now watch this.

When you say the word “national” you probably think of something pertaining to a nation in it’s entirety as you might think of the word international to pertain to all of or multiple nations. Let’s break that word down further.

If someone were indigenous to a land or from a specific place you would call that person a “native.” That word native ties in to plenty words that can help us decode what’s actually being expressed.

Native

Natal- relating to the place or time of one's *birth*.

Naval- of, in, or relating to a *navy* or navies.
(*NAVY*, as in *blue*, as in *water*, as in what has to “break” for one to be *born*.)

Navel- a protruding, flat, or hollowed area on the abdomen at the attachment site of the umbilical cord.
(The *umbilical cord* is associated with *birth* as well. They cut it after *birth*.)

You see the trend here? These words all point toward:

BIRTH = LIFE

Boom. So let's deal with this "emergency" word right quick. When you think of the word "emergency" you may think of some sort of danger or urgent situation or something that requires immediate attention. Keep that on the mental as we explore this word further and make the connection to the word "national."

Emergency

Emerge- move out of or away from something and *come into view*; become *apparent*, important, or prominent; of *facts* or *circumstances*: become *known*.

Emergent- in the process of *coming into being* or becoming prominent or important.

Now that we've chopped up these words a bit let's bring it all together. National deals with BIRTH or LIFE and Emergency deals with an action of EMERGING. Simply, coming to life. An awakening. This was announced, mind you, right after the 400 year time period had concluded of what you call "slavery."

*Eye put that word in quotations because most people only think of physical bondage when they think of slavery. There are many more fashions of slavery, however, one being legislative slavery. You saw examples of that from the **Jim Crow Laws** and the **Black Codes** to the **1994 Crime Bill** and the **3 Strikes Law**.*

By the year 2019, more and more **MOORS**, or **natives**, or **indigenous peoples** were emerging and speaking more on the importance of claiming one's nationality and becoming a **sovereign**. That's one side of it. What also was emerging and expanding was the consciousness of the people as well as the vegan and alkaline lifestyle having been taught and promoted heavily by Dr. Sebi. **You the people were WAKING UP.**

Check out these words of J. Edgar Hoover, one of the founders of the FBI.

"Prevent the RISE OF A "MESSIAH" who could *unify*, and *electrify*, the militant *black nationalist* movement."

This is where most people actually got the concept of the "black messiah" as it pertains to politics and social activism only he didn't specify a race of this presumed "messiah" at all. He only made note of the urgency to prevent this "messiah" from "rising up", which would mean whoever this person would be they would be born amongst you and not THE messiah mentioned in the scriptures who would return to the earth realm.

Revelation 3:11

**"Eye am coming soon. Hold on to what you have, so that
NO ONE will take your CROWN."**

So Hoover was concerned about any person who wouldn't even necessarily identify himself or herself as a "black" person who would be able to unify and electrify the movement of "*black nationalism*" ITSELF.

If you don't know, I'll be the one to fill you in.

BLACK IS NOT A RACE or a **NATIONALITY**, it's a STATUS or a CODE. When it comes to actual LAW, **BLACK** refers to a person who is **CIVILITER MORTUUS** which means **civilly dead** or **dead** in the view of the law. This refers to the state of one who has lost their civil rights and capacities, and is accounted **dead** in law.

So pay attention to those words of J. Edgar Hoover. One of his main focuses was to PREVENT the rise of ANYONE who could not only awaken specifically the “**black**” or scientifically the **melanin dominant** people but also anyone who could electrify and unify that movement. That would mean no more religious, political, or economical division amongst the organizations and groups and orders who were working in different areas to change the circumstances of those people. What I'm breaking down is that there have always been deeper plans on many different planes to stop this “**awakening**” or this “**national emergence**” (**coming to life**) from happening.

So who and what is the virus?

And so they announced it. “This is a national emergency.” They had named this “virus” the CORONA virus which we uncovered earlier means CROWN. We also explored the energy behind the word corona and found that it pointed toward an energy that was HIGH in vibration. So much so that there was created from its frequency a GLOW.

Question: Can you think of a **crown** that would **glow**?

Let's take a look at this image here:

Remember when we went over how the corona word also defined a glowing effect around the “**SUN?**” **Are you still with me?** Need Eye go ahead and explain to you that the 7th and the highest chakra is called the CROWN chakra?

There was a period of time between 2004 and now where something called the “**GOD GENE**” was being discussed and deliberated upon. This **God Gene** which has been scientifically named the VMAT2 is located in the brain. Right there in the crown chakra.

This is important to know because it has been explained that a person's will as well as their ability to be “**spiritual**” boils down to their genetics. What's being called “**spiritual**” is further expounded upon to describe the feeling of being connected to some sort of higher source or universe. Keep in mind that the more aware or conscious an individual is, the more “**dangerous**” they become to a world that has been programmed to yield people who are the opposite, the unaware and the unconscious. (Think of the movie “**The Matrix.**”)

Imagine this awakened person being able to through speech and interaction alone pass on those **genetic activations** and **code breakers** to masses of people at a time. This individual would be seen as a **virus** in the eyes of whoever was controlling that particular system, wouldn't they? They'd spread all their data and ultimately lead to the overload and crash of that system as people become less and less dependent upon it.

*So here's the question: "How would you **PREVENT** that "virus" from spreading and affecting the system?"*

If we think in terms of computers when there's a virus, which again pay attention to the reality of words having multiple meanings, you would use a **vaccine** to get rid of it and to stop it from affecting the data of the system. I'm not speaking figuratively. Eye literally mean you would use a vaccine. Take a look at one of the definitions of that word.

VACCINE:

a software program that helps to protect against computer viruses, as by detecting them and warning the user.

Interesting right? Think, again, of the movie **The Matrix** and all of the gems the trilogy offered you. That movie illustrates the reality of your realm functioning as a computer. You see where I'm headed with this now? Even the conversation about this **vaccine** is vibrating on multiple levels. Just look at the fear and paranoia that's surrounding it. People are going as far as shunning and reporting and bashing anyone who warns people to look deeper into it. This is an example of what happens when you "inject" a "vaccine" into a "system." Remember what Morpheus explained to Neo in one of the scenes? He told him that "some of the people had become so **DEPENDANT** on the system that they would **FIGHT TO DEFEND IT.**" Think of the movie Inception. The "**AWAKENED ONES**" were attacked by the subconscious projections in the form of people when they realized that they weren't a part of the dream, or the *system*.

Now let's deal with the DATA word. One of the meanings of DATA is: things that are known or accepted to be facts. When it comes to the world we live in that would be equivalent to people's belief systems. The **AWAKENED ONES** have been shifting the consciousness of the people, shifting them from merely believing to actually knowing, which is a HIGHER awareness. So now you're able to see how that "**vaccine**" has been working when people like Donald Trump, Angela Stanton and Rizza Islam have been shut down and removed from the system because of the **INFORMATION** they were putting out which was beginning to alter the *data* of the system. In this day in time, if you're going against their "program" (*also a computer term*) you are identified as a **threat** and you become a **target**.

*Because certain **information** can **awaken** the
"**dead**" or the "**sleep**."*

It's all a game. Without your mind being tapped in to all of their offered versions of realities they will have NO TRUE POWER. This is deeper than a conversation of race which is why you should be concerned when leaders, activists, celebrities and community organizers all focus on convincing you that ONE MAN is a racist for 4 WHOLE YEARS. RACISM or better yet PREJUDICE has always been an issue however it is NOT the root problem at all for what's going on right now. That's why even the Caucasians, Asians, Hispanics, and Africans are speaking out against the BEAST.

Don't let them continue to play with your mind. This is how you develop a **psychic defense** and **STRENGTHEN** that which is being called the "**God Gene**." That way, through the **TRUTH** and your ability to identify it when it's revealed to you, you will be made free. (**John 8:23**)

And so you can see now what this whole thing is actually about. A war on consciousness. Don't take my word for it, go back and look up the "War On Consciousness" and see what they say about the **God Gene**. This is something that people need to be aware of. They have to have you in a state of fear. They have to have you in a state of paranoia. If you were to come into the **light**, or the **truth** and the **life** and the **way**, then you would no longer lean on man or the **beast**. You would then turn your reverence to the **MOSTHIGH** or to **GOD** or to your **higher self** or your **high you**.

Say that aloud: "Your high you." What you're saying is **Ya Hayyu**, which in Arabic means "**O, Living!**" You're tapping into the **life force**, or the **healing energy** of the **heart chakra**, which shows up **GREEN**. The Sanskrit word for the **heart chakra** is "**ANAHATA**" which means "unstruck" or "unhurt". This shows you how this chakra when in order serves to **heal**. The color **GREEN** is of the **healing aura**.

If you have come across this book and have made it this far in the build, Eye want to say to you that Eye love you and care about you and your well being. Eye will to see a healthier world and Eye am confident that with **right knowledge, right wisdom and right Overstanding**, as **Dr. Malachi York** taught us, we will begin to see more and more of that **NEW** heaven and **NEW** Earth begin to manifest.

Continue to walk in love and care. Don't shun each other for having separate opinions, beliefs and values. Treat the ill with love and care and patience that they may recover swiftly. Hold your loved ones close and celebrate life daily. Be kind to yourself as well as to others. Take gentle steps up the stairway that is the future. Remember that life is indeed a gift. Have mercy on and empathy for the uninformed. Maybe if they knew the truths that some of you know then they too would choose the path of righteousness, which is the path of love and care.

Keep your hope alive and thriving as we journey into these new days. Have the mind of oneness. The affirmation Eye grew up on says, "**Eye can succeed as a part of the ALL and fail as an individual.**"

WORK AS A PEOPLE.

THIS IS HOW WE WILL
FIGHT COVID AND WIN!!!

EYE LOVE YOU

Thank You

Peace
